

Transfer of Credit

The Dental Staff School's Education Department provides information on other schools, if any, that may accept credits for coursework completed at Dental Staff School towards their programs. However, Dental Staff School does not imply or guarantee that credits completed at Dental Staff School will be accepted by or transferable to any other college, university, or institution, and it should not be assumed that any credits for any courses described in this catalog can be transferred to another institution. Each institution has its own policies governing the acceptance of credit from other institutions such as Dental Staff School. Students seeking to transfer credits earned at Dental Staff School to another institution should contact the other institution to which they seek admission to inquire as to that institution's policies on credit transfer.
